

2026 KIRSTENBOSCH WEDNESDAY TALKS

Join us for the next **RoomtoGrow Kirstenbosch Wednesday Talk** hosted online by Struik Nature. Introduction by Brett Chilcott of RoomToGrow.

CEDERBERG ROCKS, ROUTES & RENDERINGS

PRESENTATION BY DAVID BRISTOW

WEDNESDAY • 7 OCTOBER • 10H30

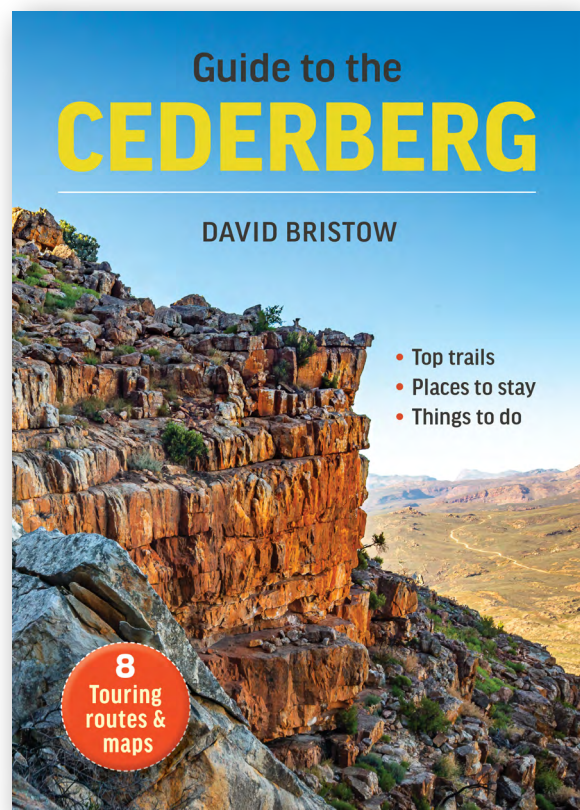

Journey into the Cederberg to discover how its extraordinary rocks got there, the mysterious metaphors behind its Khoi-San rock paintings, who came before the San, and the stories of families who still live and farm there today. Along the way, David Bristow gives tips on 'mountain manners', how to prepare, and explores its fauna, flora and conservation. But a hidden agenda is to draw visitors away from the honey pots, to discover the adventure and small communities of 'old Cederbergers' all along the Wupperthal Road. Buckle up and prepare for a journey into deep space-time with author David Bristow.

REGISTER NOW

David Bristow is a travel journalist, environmental scientist, storyteller and specialist tour guide who has spent more than 40 years exploring Africa. A former editor of *Getaway* magazine, he has authored over 30 books on southern African natural history and cultural heritage. An avid mountain biker, David has a particular affinity for the Cederberg and knows its highways, byways and back roads intimately.

QUESTION & ANSWER SESSION

There will be a Question & Answer session at the end of the talk. Please post your questions in the Zoom Q&A section during the launch.
